

ARNOLD HOUSE SCHOOL

Policy 17b: Accessibility Plan – 2016 to 2019

This plan has been prepared with due regard to Children and Families Act 2014, the Special Educational Needs and Disability Code of Practice, 0-25 years 2014 (SEND Code 2015) and Schedule 10 of the Equality Act 2010

The school is in a conservation area and consists of 2 Victorian villas linked to the gym (built in 1982) and outside classrooms (built in 2000) connected to form a streamline school. Levels vary, but there is ground floor double gate access at the front leading via the 'pre-prep' entrance to the rear of the school where wide door, wheelchair access is provided.

We offer **bespoke 'reasonable adjustments'** where needed and have hosted people using wheelchairs and blind people as well as having boys with severe hearing issues and learning disabilities requiring an adult to accompany them.

We have and will continue to accommodate people with disabilities.
